### ADVENTURES IN ANIMATION & CLAYMATION

Have you ever wanted to make a movie like "Wallace & Gromit"? Then join Movies By Kids, where students create, storyboard and animate their own cut-out and clay characters using the art of stop-motion animation. Claymation starts with building an armature or "skeleton" for the character. Once all layers of clay are applied, the character is ready for camera! Young filmmakers will also operate digital video equipment, record voice-overs for their characters and, by the end of the week, will have created at least two animated short films!

### LEGO ANIMATION

Ready to take your fascination with Legos to the next level? At MBK studios, we will have all the Legos you need to create amazing movies. The ideas will be yours, the sets will be built by you, and you will operate all the equipment to bring your masterpiece to the big screen. Whether it's a re-creation of an epic pirate battle scene, or an adventure in another galaxy, this workshop is the ultimate place to play with Legos.

### ADVANCED ANIMATION

Prerequisite: Previous enrollment in a Movies By Kids enrichment class, Summer camp, or age 9 and up. Get ready to step it up a notch! In this camp students will learn how to incorporate innovative filming techniques, camera angles, and set construction. Students will create, storyboard and animate their own Legos, cut-out cartoons or clay characters using the art of stop-motion animation. In-camera special effects and advanced camera techniques are used to develop these student projects into summer blockbusters.

### iKIDS

Wanna make an exciting webisode like iCarly??? In this incredible camp, students will get the opportunity to write, create, and star in their own webisode. You will create the characters... You will create the skits... And you will be the star! All projects will be professionally edited and everyone in the camp will receive a copy on DVD! Don't miss out on this amazing opportunity to create something amazing!

### LIGHTS, CAMERA, ACTION!

Movies By Kids is ready to make a movie where you're the writer, director, and star! This camp begins with creating an idea for a movie. Students will then learn how to write and storyboard that idea, organize all props, secure needed costumes, and venture out to scout for the perfect location. Once complete... Filming begins! All projects will be professionally edited and everyone in the camp will receive a copy on DVD! Experience the the thrill of filmmaking from the first call of "Action!" to "That's a wrap!" If you want to have fun and learn how to make movies, this summer camp is for you!!

### KIDS ON CAMERA

Attention aspiring actors, actresses, and performers! Kids on Camera is a camp dedicated to teaching young people the exciting world of acting for the camera. Throughout the week, students will have a blast as they act in their own commercials. They will learn the subtleties of acting in front of a camera as well as valuable techniques for auditioning and scene study. The best part is that everything will be caught on tape and at the end of the camp, all students will receive a DVD of their work.

### ACTION FILMMAKING

In this exciting Workshop, Movies By Kids will help you write, direct, and produce your own action sequence for the camera featuring martial arts experts assisting with all stunt-fight training and film choreography. That's not all, wait until your footage hits the editing room where we dub in sizzling sound effects and voice-overs. No experience is necessary!

Need assistance? 818-702-6000
